XI'AN JIAOTONG UNIVERSITY

PRE-UNIVERSITY FOUNDATION PROGRAMS FOR INTERNATIONAL STUDENTS

2022

Xi'an Jiaotong University (XJTU), established in 1896, is a national key university directly administered by the Ministry of Education of China. **It is one of the top ten research universities in China and the member of C9 League—China's Ivy League.** It is a comprehensive research university with academic advantages in science, engineering, management, medicine, economy, law and humanities.

There are more than 3000 international students from 141 countries and regions studying in Xi'an Jiaotong University. In 2013, XJTU was awarded by the Ministry of Education of China as the "Demonstration Base for International Education" due to its outstanding performance in the work of international student education. **It is ranked No. 290 by QS World University Rankings 2022.**

In the framework of cooperation with China Campus Network, Xi'an Jiaotong University established the XJTU-CCN International Foundation Program Center, offering a wide variety of customized courses for international students who are planning to pursue Bachelor degrees in China. It will help students get prepared for further study in a dynamic and

supportive university environment.

XJTU Foundation Program Center adopts the small classes teaching methods, which allows students to be divided into different classes based on their future majors and Chinese language level. **The program is aimed to help international students acquire academic Chinese vocabulary, refine their professional knowledge, improve their cross-cultural communication and adaptation skills through 36-week, 18-week or 11-week programs. It will also help them curb the cross-national basic education barrier and the language barrier.** The program can lay a solid foundation for international students for their further degree studies.

XJTU Foundation Program Center provides a series of guidance for international students, including visa application, Q&A for admission and scholarship policies, application procedures, lectures on university academic life, recommendation for counterpart universities, etc. **It creates favorable conditions for international students to enter Chinese universities successfully.**

PROGRAMS LIST

1. International Foundation Program

XJTU Foundation Program Center offers International Foundation Programs (11/18/36 weeks) to high school and equivalent level graduates to help them matriculate to high level universities.

01

Submit application on line and pass initial review

02

Begin the IFP study

03

Graduate from IFP, gaining advantages for undergraduate applications

04

Apply for a bachelor program and participate in the review

05

Begin undergraduate studies

2. "1+4" Foundation-Bachelor Program

XJTU Foundation Program Center offers "1+4" Foundation-Bachelor Program (11/18/36 weeks) for outstanding high school and equivalent level graduates to further optimize their knowledge structure and to gain the strength to get better scholarships. Applicants will be informed of their eligibility for undergraduate studies and scholarship types through a comprehensive review prior to their Foundation Program, and will be admitted directly to undergraduate studies after the program without another review and interview (with a proper achievement which meets the requirements of scholarship) .

01

Submit online and pass the comprehensive review

02

Confirm the undergraduate admission and scholarship type

03

Begin the Foundation Program study

04

Graduate from the Foundation Program with required grades and enter the undergraduate program

3. In the meantime, XJTU Foundation Program Center cooperates with the government departments of major student source countries to customize pre-graduate and undergraduate talent development programs.
